Chloe's highlight:

Chloe was really inventive with her fundraising and tried lots of different fundraisers. Our favourite is the corporate sponsorship she managed to secure from a local property consultancy, who gave her £5.00 for every 5km she ran! Not only was this a great fundraiser (raising over £250 in total) but a cracking way to train for her trek too!

Chloe's advice:

“Organisation is key. Try and create a timeline of when and how you want to do events right from when you start and start contacting companies for bag packs etc straight away! They can be quite slow to get back to you (I had to begin contacting supermarkets about a bag pack probably 2 months in advance but it's worth it!!) so plan in time for that, and don't worry if you don't get responses straight away, the key is persistence because there are some great opportunities out there! Try and vary your events to make them fun and exciting and to keep people interested in your fundraising. Also, make use of any help you can get from family and friends, the more people you have helping you at events the more money you'll make!”
