

Photographic & Video Consent Form

Meningitis Research Foundation (MRF) produces a wide range of free print materials and online information for health professionals and the public. We also use every opportunity to promote the work of the charity with photographs and videos which can be viewed in media all over the world.

Signing this consent form gives agreement for the image of the individual named to be used free of charge for the purposes above.

Wherever possible, we sign off images and video footage in advance and let people know when their image is being used and in what context, but we cannot guarantee this.

CONSENT

I consent to Meningitis Research Foundation using photographic and/or video images of me/my child.
