

Beth – Kili 2016

Donations	£862.39
Street collections	£1,957.64
Car boot sales	£295.49
TOTAL	£3,115.52

Beth's highlight:

By attending every street collections that MRF organized during term-time and requesting home collections during the holidays, Beth managed to raise two-thirds of her fundraising target just from bucket collections alone!

Beth's advice:

"I reached the target alongside doing my dissertation and third year exams, it seems like a huge amount at first but it is totally achievable and a nice break from work! Street collections are definitely the best way to raise big amounts in one day, as long as you go motivated, ready to engage the public, smile and dress up!"
